**MTA LABOR  
COALITION**

## ***Transit Workers Unite***

It is outrageous that with the close of Local 100's contract on Jan. 15th 2012, every union member working within the MTA Bridges & Tunnels, Metro North, NYCT, SIRT and LIRR will be without a contract. It's time to settle them all and move on. Between all the unions there are over 50,000 members. We collectively move over 8 million people a day. We keep New York's economy humming each and every day. We are the arteries from which the lifeblood of the City and State live. Collectively we move New York.

It is time for ALL MTA transit unions to act as one giant mass transit union otherwise we will all fall, one by one. On 12/15 come in your union colors as the MTA Labor Coalition supports and participates with our brothers and sisters from TWU Local 100.
