Dear Brothers and Sisters,

I would like to take this opportunity to welcome you into the International Brotherhood of Electrical Workers Local Union 589. To better serve our new members we would ask that all members take the time to fill out the questionnaire below. During our contract negotiations the question on everyone's mind was the issue of position and pay. We learned that there are different rates of pay for A techs, B techs, C techs and so on. With the information filled out we will be able to get answers to these questions and help you advance in your career with Bombardier Newark. When you are done please fax to 631-758-1112.

Thank You,

Ricardo Sanchez

General Chairman IBEW

Local Union 589
